- Y7 Tutor Group: _____

Student Information

Dear Year 7 Students

This pack of information has been put together to ensure that you are 'Year 8 Ready' in September. It will help get you prepared for returning to school in September as it has flipped learning tasks for everyone .

In this booklet we will take each subject in turn and there will be three 'flipped learning' tasks per subject you will be studying next year. Completing these will help you prepare for the first term in your new year group.

What is flipped learning? Rather than using lesson time to explain subject topics, students become familiar with subject material on their own, ahead of contact time with their teacher. Teachers then use lesson time at the start of the new term to help students apply concepts and address difficulties.

We really would like you to do these tasks over the summer holidays, but it is your choice. R2s will be given for each flipped learning task you do per subject! You can end the first week of the new term in September with lots of reward points 😊 .

The booklet is broken down by subject and the tasks are numbered – F1, F2, F3. 'F' for flipped learning.

This booklet tells you how to present your work, using Horizons (iPad) or maybe written work. Anything that you do must also be stored safely at home / on your iPad ready for your return to school so you can hand it in and gain your reward points. Bring it all in on the first day back.

English

Task Number	Task Title	How to submit the work
F1	Plot - Macbeth - plot - National 4 English Revision - BBC Bitesize	Email your quiz score to your teacher.
F2	Log on to eplatform and listen to or read Macbeth.	Your teacher will be notified when you download a book.
F3	Research William Blake and decorate one of his poems.	Hand in your poem to your teacher.

Maths

Task Number	Task Title	How to submit the work
F1	Research what a 'linear/arithmetic sequence' is and design a poster of what one is and how they can be calculated or used.	Hand in to your tutor at the start of next term.
F2	Research what a 'geometric sequence' is and design a poster of what one is and how they can be calculated or used.	Hand in to your tutor at the start of next term.
F3	Research what a 'Fibonacci sequence' is and design a poster of what one is, how they can be calculated or used. Advanced activity is to find out where this sequence appears in nature.	Hand in to your tutor at the start of next term.

Science

Task Number	Task Title	How to submit the work
F1	Research Robert Hooke. Give five facts about Robert Hooke	Post on teams document
F2	Research and draw a poster of 4 specialised cells.	Take a photo of the poster and post it on teams.
F3	Construct a plant cell out of household recycling with named parts.	Take a photograph and post it on teams.

Geography

Task Number	Task Title	How to submit the work
F1	The Alps - research the alps and where the Glaciers are. Draw a map showing where the glaciers were in 1990 and where they are now in 2022. What has been found as the glaciers have retreated?	Attach work to the task on teams or hand in a paper copy
F2	Research the history of the growth of Grimsby with maps Do a poster showing how it has grown and with examples of what industries were involved..	Attach work to the task on teams or hand in a paper copy
F3	Climate Change and the North Sea and Humber . Find out how the Humber is leading the way regarding renewable energy. Do a poster showing this	Attach work to the task on teams or hand in a paper copy

History

Task Number	Task Title	How to submit the work
F1	The Mughals: Watch the youtube video on "The Mughal Empire and Historical Reputation - Crash course history". Make some notes and summarise the key findings in a paragraph.	Attach work to the task on teams or hand in a paper copy
F2	Genghis Kahn: Watch the youtube video "Ghengis Khan explained in 8 minutes". Make 8 bullet point notes on the main things from the video.	Attach work to the task on teams or hand in a paper copy
F3	Watch episode 1 of North and South https://www.bbc.co.uk/drama/northandsouth/ write about how the industrial revolution impacted peoples every day life.	Attach work to the task on teams or hand in a paper copy

Religious Studies

Task Number	Task Title	How to submit the work
F1	Research project - Imagine religion has been outlawed in the UK and you are an investigator. Make a list of all the signs of religion (buildings, symbols, TV shows) you notice in your day to day lives.	Attach work to the task on teams or hand in a paper copy
F2	Watch the Youtube clip 'What is Ramadan? The Islamic Holy Month - Behind the News' and write a paragraph on how Muslims celebrate Ramadan	Attach work to the task on teams or hand in a paper copy
F3	Fact find: Use your iPads to build a fact file on Hinduism. Include: when it started, how it started, how many people follow it, key beliefs and key celebrations.	Attach work to the task on teams or hand in a paper copy

French

Task Number	Task Title	How to submit the work
F1	Watch this YouTube video and then use the vocabulary to label an picture of your house: https://youtu.be/Q3AGIKdQUvg	Hand in to your tutor at the start of next term.
F2	See if you can get to the top of the leader board on this game: https://wordwall.net/resource/3382273_0	'll check the leader board in the first week in September
F3	Design a game or quiz to help someone to learn the words you have studied.	Hand in to your tutor at the start of next term.

Art

Task Number	Task Title	How to submit the work
F1	Sit in your garden and draw what you can see	Take a photo of your work and submit over email.
F2	Follow this link to create some continuous line drawings. Make a Continuous Line Drawing Tate Kids	Take a photo of your work and submit over email.
F3	Read 'The Forest' below and create a picture based on the story.	Take a photo of your work and submit over email.

The Forest

Muddy water surrounds me, drenching my pants up until my thighs. Pieces of leaves and grass float on top of the water, accompanying the small bugs prancing about it's surface. Dragging my feet forward I'm able to feel the slimy mud slipping on and off my foot, covering my once white socks with a sickening color of brown. Looking around me I can see the trees and shrubbery surrounding the area in front, and the small clearing of land that lay behind me, where I had first started the journey into this muddy water. The leaves bent down from the plants surrounding the area, reaching out for the water, but not able to touch it. Sticking up out of the ground, patches of grass were scattered near the shoreline of the water. Continuing to walk forward, I suddenly stopped dead in my tracks. Prowling near the edge of the water, partially hiding within the shrubbery, lay a tiger, eyes narrowed and making cautious movements, wading in the shallow end of the water. As I stood i fear, I couldn't help but notice the beauty of it's elegant black stripes lining it's body. The way the orange complimented the fierce look on it's face. It looked alert, scanning the forest for it's next meal, with the sunlight hitting it's face so slightly that if I wasn't paying attention, I probably never would have saw it. Slowly I back away, taking care to make little noise and avoid it's line of sight, I landed back on dry land, and watched as the tiger turned away.

STEM

Task Number	Task Title	How to submit the work
F1	Watch a You Tube video on Smart materials	Name the video you have watched and describe 2 Smart materials
F2	Investigate the 5 most endangered creatures on the planet.	Short presentation on the causes of endangered animals
F3	Research how mobile phones have changed since 1990. Why and how are they different now?	Short presentation on the differences between this old and new technology

Music

Task Number	Task Title	How to submit the work
F1	Talk to a parent / guardian about their favourite band or artist and listen to three of their songs.	
F2	Using Garageband, create a verse or chorus for your own pop song including lyrics and a melody.	Share with Mr Draper over E-mail
F3	Listen to 'Here Comes the Sun' by the Beatles, link below and compare using musical keywords with a piece of music of your choice. Here Comes The Sun (2019 Mix) - YouTube	Share with Mr Draper over E-mail

Computing

Task Number	Task Title	How to submit the work
F1	Create a game in Scratch	OneDrive
F2	Take photographs of a Website that has a very poor design and a navigation system that is very difficult to use.	OneDrive
F3	Create a short video to explain how we use Wifi and what benefits it has over a wired Ethernet connection. OneDrive	OneDrive

Drama

Task Number	Task Title	How to submit the work
F1	Design a poster advertising one of your performances.	Hand in to Mrs Churches at the start of next term.
F2	Draw a story board for a piece of drama that you have created.	Hand in to Mrs Churches at the start of next term.
F3	Make a matching card game around drama skills.	Hand in to Mrs Churches at the start of next term.

Physical Education

Task Number	Task Title	How to submit the work
F1	Use the Commonwealth Games Schedules below for Netball and Rugby Sevens. Select a game to watch on the BBC coverage. Complete an after-game analysis highlighting the score, skills that you saw and your player of the match with reasons why.	Email your game analysis on a word document to Miss Hanson by Friday 9th September 2022.
F2	Do any form of physical activity that you want to (EG: Go for a walk or run, play football with your friends). The physical activity should last 20 minutes. Take some pictures along the way as evidence.	Email your pictures to Miss Hanson by Friday 9th September 2022.
F3	Use the link below to watch the men's 2021 Olympic hockey final. Complete an after-game analysis highlighting the score and skills that you saw. Bullet point 5 rules you learnt from watching this match. https://www.youtube.com/watch?v=gD07sOeBD1g	Email your game analysis on a word document to Miss Hanson by Friday 9th September 2022.
