

Dear parent,

Following the news last night, I appreciate that as a parent of a Year 11 student that this is a particularly anxious time and I am writing to reassure you that we will let you know as soon as we have any indication from the Government what their plans will be for the summer GCSE examinations. At the moment, we are only aware of what was said yesterday evening in the Prime Minister's Briefing, which was that exams are cancelled but we are unsure what procedures they will be putting in place to ensure that the young people are not penalised for this.

As you will be aware, our mock examinations for Year 11 were due to begin this week and these have now been put on hold by Oasis. We do know that we are likely to be in Lockdown until February half-term and therefore, as soon as Oasis have made any decision regarding these we will be in touch.

In the meantime, it is important that your child accesses all their online classes and completes all the work that is set as we may need this as evidence if the Government decide to use a similar system to last year. I cannot reiterate enough how important this is as the more evidence we have for your child the better.

We understand that working from home for students is very different to being in school and if you feel that your child needs any support in any way then please don't hesitate to contact the Head of Year Mr Brace at carl.brace@oasisimmingham.org

As soon as we know any more details we will be in touch.

Yours sincerely,
