

# HAVE A GREAT Summer EVERYONE!

July 2021

## Welcome

### TO THE SUMMER EDITION OF OUR NEWSLETTER

It has been an incredibly busy term which has seen rising Covid cases in the area which brings with it its own level of challenge. At Oasis Academy Immingham we have missed all of the activities that we would normally undertake but could not complete due to this pandemic.

I am delighted to let you know we have been supported by Oasis Trust to expand our senior leadership team and as such our capacity to further provide the best care, education and support for your child. I am delighted to introduce to you below our new Deputy Mrs Tanya Wiles, Assistant Principal Mr Micha Eversley and a new Operations Manager Mrs Lisa Allison. We have also expanded our admin team in order to ensure you get the support you need when you contact the academy.

We are beyond hopeful that we can get back to our previous routines in September and your child can have a sense of normality again. One of our priorities this year has been to develop our careers offer. We strive to ensure that all student gain the skills that will enable them to find the right employment for them. Our provision will ensure that our students are able to learn to adapt and develop to make the most of a changing job market and the developing key employment sectors. We are building positive relationships with local employers so that our students can understand the opportunities in the local job market and make the right choices to work towards a career of their choice or to become the entrepreneurs of the future, building their own thriving businesses.

I would like to take this opportunity once again to send you my heartfelt thanks for all of your support this year, you have been so measured and understanding in what has been a year of constant change. I wish you all the very best this summer break and look forward to seeing the children back in September. All the very best!

Mrs McLoughlin

## THE SPORTS DEPARTMENT

This academic year has been very different for both staff and students in all aspects of academy life and particularly in PE. Despite Covid 19 restrictions and many changes students, have adapted very well to a new way of working, they have been physically active all year and have engaged in many different lessons the large majority of students particularly enjoyed table tennis, athletics, rounders and fitness. All students have worked hard physically and have also built an understanding of how they can lead a healthy lifestyle and about the importance of building and using personal skills.

The PE department is very much looking forward to September, where there will also be many extra-curricular enrichment opportunities for students to be involved in alongside their PE hours on the timetable.

## Oasis Academy Careers Programme

We are delighted to announce our new partnership with the [Prax Group](#) and can't wait to launch the fantastic opportunities for our students we have planned!

Prax Lindsey Oil Refinery are delighted to Partner with Oasis Academy Immingham as an Enterprise Adviser. We are excited to be working closely with the Academy to support careers development, personal development, STEM skills and industry led activities to provide the students with valuable experiences.

Prax are going to be working with our students and staff supporting their development in line with our Careers Programme. This is a huge benefit for our students and will support them in the career pathways.

Year 7  
Bug Box

## Oasis Academy Immingham Creative Subjects

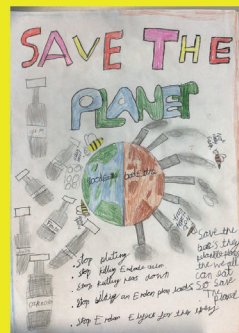

We have students in Music who have performed a Mozart piano concerto and learned to play drums through this last year at school.

We have grade 9 exam results in Art and we have recently added photography to the curriculum.

The Drama students have flourished this year and we are very proud of the achievements.

We are also very proud of our Engineering students and what they achieved, working through these tough times, and they built the lamp shown below.

We are really looking forward to the new start in September.

Year 8  
Moisture  
Sensor

The year 7  
STEM  
Biodiversity  
lessons have  
really enabled  
the students  
to express  
themselves.

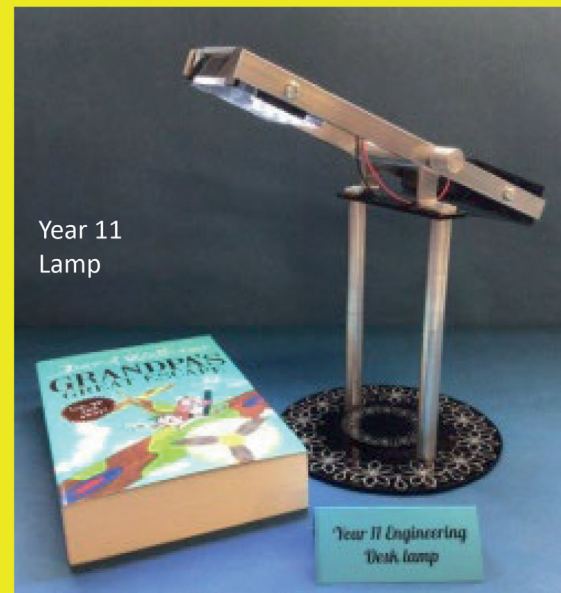

Year 9  
Screwdriver

Year 10  
Trowel

Year 11  
Lamp

# Mrs Allison

My name is Lisa Allison and I have been employed as Operations Manager here at Oasis Immingham. I have a business and finance background working for both the local authority and then a large, local primary school so transferring to a secondary school is a new and exciting challenge for me. Being the Operations Manager here means I have a varied role. Working as part of the senior leadership team I am responsible for all aspects of HR and recruitment, ensuring the academy runs smoothly with regards to exams, parents evenings and events, coordinating trips and visits and ensuring fire safety in the academy. Despite only starting here on Monday, I have already found the academy to be a warm and friendly place that I know I am going to love working in.

# Mrs Wiles

I am thrilled to have joined Oasis Academy Immingham during the latter half of the summer term. I have been a teacher now for over 27 years and a senior leader for over 10. Originally from the North West of England, my family and I moved to Lincolnshire over 20 years ago. I am looking forward to bringing all the experience and passion I have for ensuring that all students have enriching and exciting experiences to Oasis Academy Immingham. I am leading the 'student experiences and enrichment' aspect of the Academy's curriculum. This is an essential part of student life at Oasis Academy Immingham as we value those enriching and developmental experiences as much as we do the academic aspect of learning. Enrichment broadens horizons, develops new skills and contributes to students' personal and social development.

By taking part in different types of activities, students gain and develop important skills such as commitment, initiative, leadership and team spirit, all of interest to employers and next destination colleges. Next academic year, from September, when things are expected to 'return to normal', we can all look forward to a full programme of clubs and societies, trips and visits and relaunching the superb Oasis Academy Immingham rewards programme. During my first few weeks here, I have been incredibly impressed with the students I have met who are polite, respectful and have made me feel very welcome. The students here at Oasis Academy Immingham deserve the very best and I am proud to now be part of their journey.

# Mr Eversley

"I am really excited to have been promoted to Assistant Principal and working to further improve teaching and learning. Every one of our students has enormous potential and is capable of extraordinary achievements. I look forward to working with all our students and teachers to ensure that this potential is fulfilled and every lesson is as meaningful and productive as possible. In particular, I want to see every student working as hard as they can in a safe and structured environment. I have absolutely loved being Head of Humanities and English this year and seen so many students make brilliant progress despite the challenges of 2020-21. Students in English in Years 7, 8 and 9 have particularly impressed me by reading really challenging texts and hugely improving their vocabulary and reading. All the teachers have worked so hard to make that possible and I know next year will be even more successful'.
