

Year 10 - Easter 2023

WHAT AN 'EGGCELLENT' TERM WE HAVE HAD!

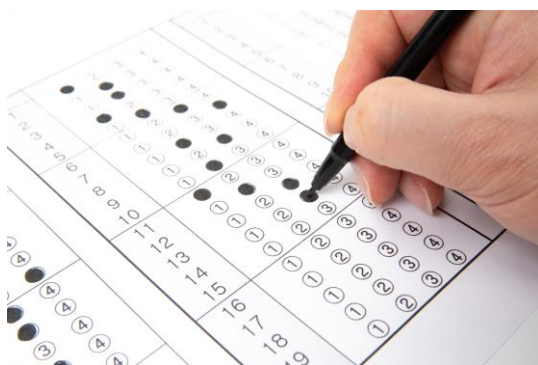

This has been my first full term as Head of Year 10 after I arrived at Oasis Immingham in January - and I can honestly say it is both an honour and a pleasure to lead such a wonderful year group full of such outstanding young people.

All of the students have made me feel incredibly welcome and I have seen the amazing potential we have got in Year 10 - I have no doubt whatsoever if they try their best every day inside our classrooms they can achieve some brilliant things.

A huge thankyou to Mr Gallafent for all of his work with Year 10, Mr Sutton for the phenomenal job he does supporting our Y10 students, and our fantastic tutor team who are here every day giving our pupils the very best chance of success. And finally a huge thankyou to parents and carers - we could not do this without you.

Mr Vincent - Head of Year

GCSE EXAMS - 'IT BEGINS!'

Some of our fantastic Year 10s have started GCSE Exams already - we have seen some great focus and effort so far in Sports Science and Health and Social Care. A fantastic start to the GCSE exam process!

PSHCE Day - 'Illuminate!'

We had the absolute pleasure of being able to welcome the incredible LZ7 band to our academy on Thursday 9th March. Year 10 loved the inspiring assembly/music show about positive mental health and many Y10s then attended the wonderful concert after school for a huge rave!

10MON

This fourth term has been tremendously busy with Year 11 having their mock exams, and so this signals only one year until Year 10 start their own! Year 10, as a whole, is just finishing their tenth week of *Romeo and Juliet* in their English sessions and many of 10MON have completed outstanding final assessments - well done!

This term's tutor challenges, these have included completing multiple word scrambles in which we performed reasonably well. However, it was the short story challenge in which 10MON excelled. The challenge was to create a fifty-word short story of which the title was 'Lost'. Members of 10MON explored the psychological, physical, literal, and metaphorical ways in which we can become lost, but more importantly how we can be found again.

Finally, well done to 10MON for their hard work revising for and completing both their Health and Social exams and Sports Science exam which contributes 30% of their GCSE grades.

Well done 10MON!

Tutor Updates

Time to check in with our incredible team of tutors and see what they have been up to this term...

10DTA

What a great start to the year it has been for 10DTA, every week students collect more and more reward points - almost triple that between September and December - as they arrive at the academy on time, ready to learn with the correct uniform and equipment, and then they work super hard, they are not only collecting reward points, but preparing themselves for their upcoming GCSE exams, which will start to feel all so real with the July mocks. The form continues to do great things in the challenge tasks, proving their FIFA credentials in the penalty shoot-out, solving math puzzles, and having a surprisingly good knowledge of Disney theme tunes! Have yourselves a well-earned Easter break 10DTA and we'll see you back soon!

10RWO

Another excellent term for 10 RWO. We have settled brilliantly in to Year 10 and are making really great progress towards our GCSEs. We're extremely proud of our form member, Kayleigh Parker, who stood for student elections and was elected by her Year 10 peers to represent them in the school council. Another of our achievements this term is that we are the form with the fewest after school reflections, meaning that we must be getting it right across all of our subjects. Our favourite part of the week is still the weekly challenge; a particular favourite this term was the 'guess the song challenge' which ended in a phenomenal rendition of the Backstreet Boys' 'I want it that way' from some of our very talented boys. Alex Vakov also deserves a shoutout for his impressive stamina during an (unofficial) push up challenge. Roll on the summer term and all of the adventures it brings!

10ACA

The biggest shout out must go to our tutee of the term, Evie Martin, who always works incredibly hard in every lesson and is a role model in year 10 and around the academy. Our 10ACA REACH award winners this term are Harry Arnold for respect, Abbie Morgan for enthusiasm, Emilia Kalata for achievement, Darcy Revill for community and Freddie Walker for hard work. The following pupils have received the most reward points this term, Grace Crossley, Abbie Morgan, Mylea Tao, Clayton Sayers and Kian Pogson. Keep up the amazing work! 10 ACA are working together each week to smash the tutor challenges and are determined to continue to beat all the other tutor groups and we are proud to say that we have ended 1st place at the end of each term so far! We have talented athletes in 10ACA who continue to succeed in sport, representing the school and their own clubs. Well done to Darcy R, Abbie M and Grace C who all represented the school for the Grimsby and district netball tournament this term and a huge well done to Darcy for winning player of the tournament. Well done to all of you. I would like to wish all students in 10ACA and the academy a Happy Easter. Enjoy your time off!

10MSM

Another good half term for 10MSM.

There were hundreds of positive behaviour points throughout the entire term, with over 100 of these being R3 and R4 which demonstrates how hard the group work. We have had lots of exciting weekly challenges and some members of the group have already made a positive start to the GCSE exams in recent weeks.

A few students left the tutor group, but we are pleased to have Chelsea Foskett join us this last few week for we look forward to a really positive final term of Year 10!

Student Council - Our Superstars!

After a fantastic election campaign and voting day, we were delighted to see 3 Year 10 superstars appointed to the student council - Shae Atkin, Kayleigh Parker and Josh Finch!

They will represent the year group on the Student Council for a full year, attending meetings with Mr Gallafent and Mrs Broadley and working to improve our academy community.

We know our 3 Y10s will do an amazing job!

Grimsby Town Sessions

Grimsby Town Sports and Education Trust have started running community football sessions here at Oasis Immingham on a Monday evening - these have already proved incredibly popular as our pupils take the chance to show off their skills in front of GTFC staff. Grimsby Town's phenomenal run in the FA Cup has made this even more exciting!

Monday evenings in the Sports Hall - don't miss out!

Rewards Assemblies

Two amazing reward assemblies since Christmas has seen numerous pupils rewarded for their outstanding efforts and work.

Special mention to Kayleigh P and Daniel G who took the respective 'Student of the Term' awards in February and April!

Thankyou Year 10 for being the amazing young people you are who we enjoy working with every single day. There will always be bumps in the road, but together we will overcome these and keep REACHing for the stars.

Have a wonderful Easter everyone!

Mr Vincent and Mr Sutton

Don't be afraid to
reach for the stars.

Ellen Ochoa
